THE ROOM: Editors, writers, reps, TV types, all-round fashion folks and beauty biz movers and shakers.

THE BUZZ: Still carrying a torch for your Grade 9 signature scent? Send it the way of the claw bang, babe. Touted as the next big thing, this iris-and-patchouli scent even landed a DailyCandy.com mention last week.

THE DRESS CODE: Does it matter? At a fragrance fête, it's all about the woody florals. (and making sure your Juicy Tube matches your cashmere).

BRIDEZILLA: Looking for a designer space to tie the knot? With its all-white palette, this multi-level gallery space is torn from the pages of *InStyle Weddings*.
